

THISTLECRAFT

PLYWOOD KITCHENS

**Unit Price List
2025**

Welcome to our 2025 price list. Here you will find current prices for our standard sized units.

Standard unit specification:

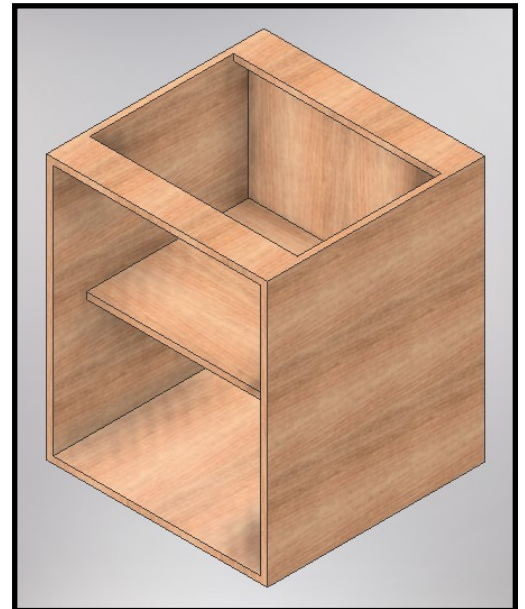

- Carcass made from 18mm BB/BB birch plywood, doors available in a variety of veneers.
- Unit backs/drawer bases made from 9mm BB/BB birch plywood
- Drawer boxes made from 15mm BB/BB birch plywood
- All base units come with standard cabinet feet (can be upgraded to heavy duty if heavier worktop such as concrete or granite is being used)
- Wall units include concealed wall hanging bracket
- Base units include a 50mm service gap at the rear
- Soft close drawer runners and hinges are used as standard
- Doors can be mounted internal to the frame (inset) or to sit externally on the front of the carcass (overlay)
- Doors/drawer fronts can include cut out handles or be left blank for adding your own
- Units can be collected from our workshop or delivered via courier—price dependent on distance and size of order.

We can also provide quotes for bespoke sizes and designs, and the use of alternative materials such as veneered or laminate faced plywood such as Formica, Egger, Fenix.

Prices are subject to change and shown excluding VAT at 20%
